### TV 24 ministry vital to this area

To the editor:  
From time to time I am asked, "Larry, why do you want to help the poor, why do you operate a television station?" With each day that KNLC Channel 24 is on the air, that question gets easier and easier to answer.

This TV station, which belongs to Jesus, is being used by Him as a vital means of communicating the good news of the Word of the Lord, by working through KNLC, had not only provided them with an apartment but got their electricity, gas and phone turned on as well.

As a result, not only are the people here being directly helped but thousands of other people from all walks of life as well.

People like Jonette who writes, "For the last two months

I have been unable to attend church because of medical problems. Your television station has literally been a lifesaver for me. Thank you and keep up the good work."

Then there is the Edwards family, who after being homeless for over three months found themselves on the verge of giving up. They appeared on Channel 24 and within weeks of the Lord, by working through KNLC, had not only provided them with an apartment but got their electricity, gas and phone turned on as well.

Many examples such as these are taking place around the clock because of people who support this work.

KNLC is a dynamic tool to reach people for the glory of

God. Souls are being saved daily because of prayerful support.

Donations have dropped off drastically, within the past few weeks. Some are attributing this to the national controversy surrounding two well-known television ministers.

Whatever the reason, I am asking our long-time supporters to pray earnestly at this time.

The need to continue to provide the around-the-clock services offered by Channel 24 are growing each day.

We must quit now. God is truly using this TV station to help many people all over Mid-America.

REV. LARRY RICE  
President, KNLC

Channel 24

As a result, not only are the people here being directly helped but thousands of other people from all walks of life as well.

### Teacher graduates are to be tested

To the editor:

The week of May 3-9 is Teacher Appreciation Week throughout the nation. Instead of that week, May 5, has been designated National Teacher Day.

This special week provides an opportunity to take a sharp look at the teaching profession, its demands and rewards and its importance to the future of our state.

The State Education Board's Blue Ribbon Committee on the

improvement of Teaching as a Profession recently issued its preliminary recommendations for the improvement of the teaching profession. We are seeking a great deal of discussion in local communities on these recommendations.

LEE MILNER  
Illinois State Board of Education

graduated this year.

Rep. Stephens' newsletters, for instance, normally don't report on bills introduced in Congress. This year he did. That would be a far better way to achieve accountability in the legislature.

Requiring Illinois state legisla-

tors to report on their votes instead of just distributing a copy of the paper to the public is a far better way to achieve accountability in the legislature.

DAVID VAUGHT  
Fairview Heights

### AIDS international problem

AIDS — Acquired Immune Deficiency Syndrome — is a devastating disease. Anyone contracting this disease will die. No one has ever survived it.

The fact that this disease is alarming because the number of victims is doubling just about every year. Even though former outbreaks have been more limited to specific groups such as homosexuals and drug addicts who use needles, other groups are now involved. The total number of AIDS victims is now at least 100,000. And ominously, AIDS victims in this category are also doubling every year.

The alarming part of this doubling process is that 10 doubling produce an increase of about a thousand. Stated bluntly, where we now have thousands of annual victims, in 10 years there could be millions of victims. That would only become true if the current trends continue. Most disease experts do not expect this to be the case. They certainly anticipate a very large number of cases in the near future.

Medical researchers estimated that about 1.5-million Americans

now have the AIDS virus in their bodies. Just when and how many of these people will become AIDS victims is not known. But the total number of AIDS cases is increasing. The terminal care for AIDS patients is very expensive, costing many tens of thousands of dollars per patient. Our society will be strained on meeting this financial burden.

Planning for this disaster should be taking place now. Many more hospices will be needed to care for these terminally ill patients. The facilities, equipment and staff required for these hospices should be done now, before it increases us further.

And the dimensions of this problem are not limited to the United States. The entire world needs to be concerned. This is the first time that our modern civilization has faced so awesome a health problem. Let's handle it in the best possible way.

AIDS hospice will be mostly young people in their 20s and 30s. In the prime of life they will face a slow, dismal death.

With such a large number of patients, all of us may become involved. It may include some of our friends, relatives, and associates. It could become a personal anguish for all of us.

And the expense will be astronomical. The terminal care for AIDS patients is very expensive, costing many tens of thousands of dollars per patient. Our society will be strained on meeting this financial burden.

Each and everyone of us must become aware of how dismal, how widespread, and how costly, this AIDS epidemic may be. The planning for this future calamity should be done now, before it increases us further.

And the dimensions of this problem are not limited to the United States. The entire world needs to be concerned. This is the first time that our modern civilization has faced so awesome a health problem. Let's handle it in the best possible way.

These hospitals will be considerably different than the present ones which normally serve older patients in their 60s, 70s and 80s. But the occupants of the

arrested person had been a politician the story would be on the front page rather than the police page.

In the case of David Partney's arrest on a DUI charge, space was immediately made on Page One. No other member of Congress or any other politician, much less another politician, could be held accountable to the public.

Though we assume Partney and everyone else is not guilty, the police did say so, no matter how good the police make their case — a criminal charge against a politician meets the criteria for Page One news. When I left the office, Partney — he never called to say he'd been set up, his allegation only added to our selection of the story for the front page.

Regrettably, we could not

### Cable service poorer, prices higher

To the editor:

My experience with Cencom Cable has been anything except pleasant since they took over the service.

In February I had basic cable installed for my mother and my aunt as retirement gifts.

I never received the program for senior citizens.

Next I was told by Cencom that I had to have a payphone to receive basic cable in the future.

When I got my PD-3 at the local office in Granite, two of the employees assured me it would clear up any problem I was having with the service of the Discovery Channel. It didn't.

We can choose any good picture or very good sound.

Both basic and payphones would prevent us from losing all reception due to bad weather. It does not do that, either — at the first threat of a storm.

Finally, the other day I called the telephone number given on Channel 10 to order a movie on

one of Cencom's Showcase channels. If you make it successfully through the maze of recordings and push the correct button on your phone, and then ordered being.

If you misunderstand any payphone, you may pay for programs you never intended to order.

On the other hand, you may never receive the program you ordered like me.

I called exactly at 8 a.m. the next morning to be sure I wasn't charged for the movie we never saw (the sound and picture were totally blank) and was told like the other two Showcase channels.

I was put on hold for 20 minutes. I began calling every 30 seconds until 8:26 a.m. reached a real person rather than their recording.

I was told if this happened the next time I ordered a movie, they would not charge me for my payphone and check the equipment before it must be faulty.

I assured her there would not be a next time!

I find it amazing that none of our equipment was faulty while Southwestern Cable was in charge.

I've done nothing new or different with our equipment.

We've been given misinformation, given one fuzzy new station but had two taken away (24 and 38) and yet are being charged much higher prices, supposedly for better service.

I have even received the same quality of service as I did with Southwestern Cable, much less better.

I realize the city fathers are trying to take steps to help us with this annoying Big Brother company which has taken control of our television service and I think that their contract may not be renewed three years from now.

I was ready to urge an arse-ide boycott merely in response to the outrageous increase to senior citizens, and now I'm sure something must be done soon.

SHERRY KERBER  
3226 Wilshire Drive

It would be a simple procedure for any member of the Town Board, the aldermen, to request a legal opinion from the attorney general of the State of Illinois.

If our aldermen fail to take action on this issue, they the aldermen are sending a message to the rest of Granite City that they have other interests that take priority over representing their constituents.

A CONSTITUENT

### Cites Town Board chairman duties

To the editor:

On April 8, I attended a town ship meeting. The meeting was held at the City Hall with the feeling that it was a display of bullish arrogance by elected officials to talk to the citizen to take the Town Board to court.

In a democracy, government should be by the people and for the people.

Citizens should not be sacrificed on the altar of political

expediency.

Political candidates are elected with the expectation that they will represent their supporters. Many elected officials soon forget where they came from and where they are going.

The Illinois Statutes on Townships, Chapter 139:101, clearly state that the township supervisor is the chairman of the Town Board.

Citizens should not be sacrificed on the altar of political

between 2,000 and 4,000 lives were saved each year.

The study also estimated that approximately one year of life was saved for the expenditure of one year of driving time.

The American Public Health Association, which opposed raising the speed limit, cited a 39 percent of our total consumption and expected to rise to 50 percent in two years, we will be frivolously consuming gas to save 10 minutes per trip by raising the speed limit.

Still, the best reason to oppose the speed limit is the most obvious: safety. According to the study, a sharp decline from 55 miles to 45,196 in 1974.

Americans never before realized a dramatic drop in fatalities outside of wartime. Some of this decline can be due to less driving due to the gasoline shortage. However, most of the dramatic reduction was attributed by safety experts to the change in the speed limit.

The original intent of the speed limit was to save gasoline.

In 1974, America was waiting in line to get gas to Irkutsk in from the Middle East.

To conserve gasoline, Congress included a provision in the 1974 Highway Bill which would limit speeds on all roads to 55 miles per hour.

The original intent of the speed limit was to save gasoline.

Further, in 1982 Congress gave 167,000 barrels per day to the National Academy of Sciences Transportation Research Board to complete a study of the first 10 years with the 55 speed limit.

This means Americans have saved \$2 billion in energy

costs annually.

Today when our energy experts are expressing grave doubts over our increased reliance on imported oil, we now have 39 percent of our total consumption and expected to rise to 50 percent in two years, we will be frivolously consuming gas to save 10 minutes per trip by raising the speed limit.

Also, the National Transportation Safety Council concludes that keeping the 55 limit is "still the nation's best single device for saving lives and preventing injuries from motor vehicle accidents."

At a time when the federal government and Congress were taking tough stands against drug dealers, it is sad to see the senseless killing and maiming in our nation's highways. I could not in good conscience support a message that would raise a cornerstone to our improved safety on the highways.

U.S. SEN ALAN DIXON

### Raising speed limit was a bad idea

To the editor:

After a long and controversial debate, Congress finally passed a highway and mass transit bill on April 10. It goes to the Senate on May 10. It is to rise to 50 percent in two years, we will be frivolously consuming gas to save 10 minutes per trip by raising the speed limit.

Still, the best reason to oppose the speed limit is the most obvious: safety.

According to the study, a sharp decline from 55 miles to 45,196 in 1974.

Americans never before realized a dramatic drop in fatalities outside of wartime. Some of this decline can be due to less driving due to the gasoline shortage.

To conserve gasoline, Congress included a provision in the 1974 Highway Bill which would limit speeds on all roads to 55 miles per hour.

The original intent of the speed limit was to save gasoline.

Further, in 1982 Congress gave 167,000 barrels per day to the National Academy of Sciences Transportation Research Board to complete a study of the first 10 years with the 55 speed limit.

This means Americans have saved \$2 billion in energy

costs annually.

Today when our energy experts are expressing grave doubts over our increased reliance on imported oil, we now have 39 percent of our total consumption and expected to rise to 50 percent in two years, we will be frivolously consuming gas to save 10 minutes per trip by raising the speed limit.

### Coping with congestion at airports

To the editor:

With so many people complain about airport congestion, I am reminded of what Yogi Berra said when a friend took him to a restaurant of which he had never eaten before. "No wonder," he said. "I never come here."

Yogi said: "It's too crowded."

We would do well to remember why some airports are crowded. Because of airline deregulation.

I realize, of course, that such facts come as little comfort to people who are experiencing flight delays due to increased traffic that sometimes exceed the capacity of airports. We all are familiar with the complaints.

Currently, the major problem in airport congestion centers on eight major airports, and the Federal Aviation Administration predicts that the number of airports having a major congestion problem will grow to 61 by the year 2000 if current trends continue.

However, the proper response to this problem is not a return to regulation.

Rather, we must act now to maintain the many benefits of deregulation by building the airports and air traffic control facilities needed to meet our needs.

Congress should reauthorize the airport-airway trust fund, financed by user fees, to provide financial assistance for airport construction and improve the national air traffic control system.

We can have the benefits of deregulation and convenience if we simply use the resources and technology available to us.

Returning to the outdated and inefficient regulations of the past would not solve the real cause of congestion. It would, in fact, be a major step backward in efficiency and productivity at a time when we clearly need to move forward.

### DUI charge makes Page One news

Getting arrested on a charge of driving under the influence of alcohol is embarrassing enough, but having it on the front page is worse.

A small police item is naturally less noticed on a page full of small police items, which is how we usually print a DUI arrest.

But the item is now considered

Media Mandarin

Executive Editor

try it never becomes a practice for the state to arrest someone without saying so, as appears elsewhere, and because familiar with the arrested person can judge whether there is reason to stop associating with him. Regarding the story, it is not unusual to those about whom the story is written. The one other thing the public is told is that if

reach Patrolman Walter Milton Jr., and he did not comment. Instead, Captain Tim Livery.

Due to the Police Department's policy, even if we had reached Patrolman, he'd have been bound to say something like, "I'll tell you later."

Therefore, the story, therefore, does not contain an ideal balance of comments because it couldn't be obtained.

There are those who will say the story was weighted in Partney's favor. Some, I suspect, will also think the story is weighted against Partney because the story is on the front page.

Without others' interest, the newspaper's only interest in reporting any news story is to serve the public as thoroughly and fairly as our ability and time allow.

Regrettably, we could not

get the story on the front page.

## Bunny tales

Poems from Parkview students make Easter hop

The following Easter poems were written by second-grade students in Linda McDonnell's class at Parkview School.

**Off From Home**  
Bunnies are red,  
bunnies are blue  
give me a egg  
or I'll run blue

**Mandy Rohay**  
Easter is fun.  
It's fun to run.  
It's time to have  
Easter fun.

**Jamie Maher**  
Bunnies are blue.  
They sing cute.  
Eggs are green.  
They look like queens.  
Bunnies are pink.  
I think I hope  
you have a Happy  
Easter!

**Anthony Parker**  
The bunny  
Is rolling  
Easter eggs  
With me.  
The children are  
Happy today.

**Timmy Harper**  
Easter bunnies  
are funny.  
They roll  
With honey.  
Too bad you  
Don't have money  
With your chocolate bunny!

**Amelia Recklein**  
Roses are red  
Violets are blue.

By Chris Markovich

Bunnies are white  
And so are you.

**Heather Stone**  
I love spring  
Bunnies  
I love birds  
sugar  
sugar!  
Love!  
You love bunnies  
Hippity hoppy  
I love bunnies  
They love me  
Love me  
Love me

**Chris Markovich**  
Easter eggs are red  
Easter eggs are blue  
This Easter bunny  
Is coming to see you!

**Derek Young**  
Roses are joy  
And violets are blue.

And so are you.

**Jaime Westbrook**  
See the Easter bunny  
I hope he brings me  
lots of money.

**Sabrena Cavins**  
The bunny goes  
Hippity hoppy  
All the time  
To get his Easter eggs  
Some times  
They are pink  
And some times  
They are yellow  
He is a nice boy

**Dan Baker**  
Bunnies are funny  
They bring babies  
They bring eggs and  
candy. I think that's  
just dandy!

**Jamie Shater**  
Chocolate is  
sweet.  
And bunnies are  
neat!  
Or being sweet  
or you'll be beat

**Nicholas Thomas**  
I can hop  
My ears can flop  
And I am funny  
Because I am  
an Easter bunny

**Jennifer Robinson**  
Rose are red  
violet are blue  
chocolate is sweet  
and so are you!

**George Wolfe**  
If you don't  
to sleep  
an Easter bunny  
will bring  
you candy  
If you do go  
to sleep he  
will bring you  
lots of candy.  
Have a Happy  
Easter!

**Andrea Shubert**  
Spring is nice.  
Bunnies are white  
You are cute  
on Easter night.

**Kyle Bone**  
They are red.  
And bunnies are blue.  
And you are blue too.

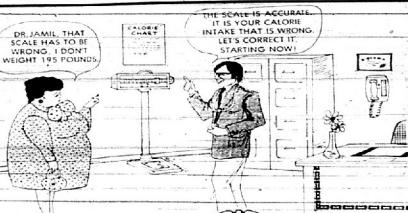

**Troy Tyler**  
The bunny goes  
slip sloppity.  
And it's empty.  
He has a basket  
Full of bunnies.  
All chocolate!

**Brie Burden**  
The Easter bunny  
is coming.  
The Easter bunny is coming  
to town.  
I can't wait  
to get the  
chocolate bunnies  
in my mouth

**Mrs. McDonnell**  
Easter eggs are red  
Easter eggs are blue  
Be good, have fun  
I'll see you soon.

## Free textbook vote canvassed in Venice

**By Valerie Evenden**  
Staff writer

**VENICE** — Successful results of the April 7 referendum removing student textbook fees were canvassed Tuesday night at a brief meeting of the Board of Education.

In the election, voters overwhelmingly rescinded a 1979 referendum which established textbook fees.

In the 1st Precinct, the vote

total was 140 for rescinding and 19 against. Only 17 people voted on the issue in the 3rd Precinct (Eagle Park) with 16 favoring removing the fees and one voting against.

No votes will be eliminated for all students beginning at the start of the 1987-88 school year, board members decided when the unofficial totals were reported at the April 9 meeting.

School policy was amended last October by the board allowing any student eligible to participate in the district's free lunch program to receive books without charge.

Between 80 and 85 percent of the student enrollment appeared to be eligible for free or reduced-cost lunches, Vickers recently estimated.

**Tickets available  
for dinner dance**

Tickets are still available for the annual dance of Old Six Mile Historical Society on April 23 at the Knights of Columbus Hall.

The fund-raising program is scheduled to help pay the \$27,500 balance due on the building and property located at 3279 Maryville Road and Emerit Avenue.

Tickets can be purchased at Tops 'N Bottoms Shop, 19th and State streets, 876-7882; or by calling Marlene at 876-7882, 913-1111, or Georgia Engelke, the museum's curator, at 931-3023.

The event is open to the public and tickets for adults are \$10. Children under 12 are \$5. Music for dancing will be provided by John Fornaszewski's orchestra.

Entertainment will be provided, and the event will mark the 150th anniversary of construction of the home that has become the local historical museum.

**THE TRAVELER**

The perfect carry-on for weekends and short get-aways. It's made of fine quality leather with double stitching, heavy duty zippers, padded handles, and a removable shoulder strap. 12" x 18" x 8" and both a large and small compartment. Comes custom embroidered with your initials at no charge.

**TWO INJURED IN CRASH AT BISSELL AND CIRCLE DRIVE**

Two persons were injured in an April 10 traffic accident at Bissell and Circle Drive in the Lee Wright Homes, Venice.

Hurt were Kimberly D. Stanley, 26, of 1116 Market St., and a passenger in her vehicle, Lester Buckles, 17, of 183 Lee Wright Homes. Operating the second vehicle involved in the mishap was Glen W. Chatham, 34, of East Alton.

### MARKET BROADWAY MISHAP

Michael S. Green, 27, of St. Louis, sustained a minor injury in a traffic accident at Market Street and Broadway, Venice. April 11. Gary A. Campbell, 20, of 2018 Troy Ave., Madison, was the other driver involved.

### THREE INJURED AS TRUCK AUTO COLLIDE ON BRIDGE

Three persons suffered minor injuries April 11 when a truck and auto collided. William Duvall Taylor, 21, of St. Louis, was struck in the side by a truck, traveling in the same direction at the east end of the McKinley Bridge, Venice.

Taylor said the impact forced him off the bridge railing.

Three passengers in Taylor's car were hurt, including Willis Curry and Gary Delap, both of St. Louis, and Ortega Henderson, 3, of St. Louis, who was taken to his mother to St. Louis Children's Hospital for examination.

### OBJECT FALLS FROM VENICE HIGHLINE, DAMAGES AUTO

Angela Smith, 30, Bissell Street Apartments, Venice, reported April 13 that an object fell from the Merchants Bridge highline, which crosses the 1300 block of Klein Street, and struck the Ford Escort auto she was driving. She said the object, either a brick or some type of bolt, struck the auto, damaging the left front fender and then hitting the windshield.

Smith applied the brakes, hurting her leg and back, and took the auto to St. Elizabeth Medical Center for X-rays and reported the incident to a Terminal Railroad employee.

### DRIVER INJURED, CHARGED

In an April 10 collision at Edison Avenue and 23rd Street, Helen V. Harshany, 2428 Cleveland Blvd., sustained a minor injury and was ticketed for failure to yield the

DREW KARANDJEFF  
Chairman

Q: I read your recent article about personal bankruptcy, but I wonder if you could answer a question which confuse me: What is the difference between Chapter 7 and Chapter 13 bankruptcy proceedings?

A: As we mentioned in the column you referred to, bankruptcy is a most serious move, and a last resort. To answer your question, Chapter 7 proceedings involve sale of the debtor's assets to pay off his debts. A certain part of his assets are protected by Federal law, however. Under Chapter 13 bankruptcy, creditors are paid what they would have received under Chapter 7, but over a period as long as five years. In this case, the debtor also keeps his assets, is liable for minimal tax consequences and is not barred from additional bankruptcy declarations within six years, as he is under Chapter 7. It is still a serious move, and anyone considering bankruptcy should first talk with his financial counselor or banker.

**Central Bank**  
We Listen!  
FDIC

right of way. Elmer W. Noud of Edgewood was driving an Illinois Power truck also involved in the mishap.

### PURSE STOLEN FROM TABLE

A black purse containing \$65 in food stamps, \$7 cash and two bottles of prescription medicine was stolen from theничейка the name of Lenny Spink, 3704 Kirkpatrick Homes; she reported April 10.

### WATER HEATER FIRE CAUSES \$25,000 DAMAGE TO HOME

A fire April 10 caused \$25,000 damage to the home of Rita Dotson, 2511 E. 24th St., firefighters reported.

The blaze, caused by an overheated water heater, started in the kitchen and spread to the dining room.

### POWER SAW, DRILL TAKEN

Cecil Green of 2933 Pershing Blvd. reported April 14 a burglar took a power saw and drill from a shed at his home. Value of the items is \$70.

### FUGITIVE WARRANT SERVED

Richard Pruitt, 55, of 2000 Hildebrand Ave., Cloverleaf Addition, was served a warrant April 14 by Granite City police alleging battery. He was released upon posting \$102 cash bail.

He was serving a warrant under Madison County Sheriff's April 14 on a charge of being a fugitive from justice. Police allege he failed to appear at an extradition hearing.

### CAR THEFT WARRANT SERVED

William E. Schaefer, 22, of 129 Britton Cliff Dr., was served a Ralls County, Kan., warrant April 14 alleging a felony count of theft (of an auto on Dec. 11, 1986).

### MAN TAKEN INTO CUSTODY

Timothy P. Towery, 19, of 2929 Pershing Blvd. was charged with resisting arrest April 14. He allegedly struggled with officers while being handcuffed.

He was also served warrants alleging two counts of battery, three counts of resisting arrest and one count each of disorderly conduct, curfew violation, driving the wrong way on a one-way street and disobeying a traffic control device.

Towery is also being held for St. Charles County authorities. Granite City police said.

### SERVED BATTERY WARRANT

Thomas E. Jones, 17, of St. Louis, was served a warrant April 14 by Granite City police alleging battery. He was released upon posting \$102 cash bail.

### FLORISSANT MAN ALLEGEDLY THROWS COINS AT COLLECTOR

After receiving a ticket for a traffic violation on the McKinley Bridge, Venise, that a westbound motorist threw coins into the booth at 4:10 a.m. April 12, a police officer halted the driver of an auto who allegedly was weaving from lane to lane and crossed over the bridge's center line.

Gerald Weatherpoon, 31, of Florissant was charged with driving under the influence of alcohol and improper lane usage. Weatherpoon posted \$300 cash bail and was released.

## Obituaries

### Dapron

Mrs. Sharon Kay (Neuling) Dapron, 46, of St. Louis, formerly of Granite City, died at 5 p.m. Thursday, April 17, in the emergency room at Jewish Hospital, St. Louis.

Born June 10, 1940, in Alice Grove, Ill., Mrs. Dapron resided here for several years while a young wife and mother. She attended local schools before moving to St. Louis about 30 years ago.

Mrs. Dapron was vice president of Cornucopia Communications Inc., of St. Louis, and executive producer of her own program (The Grocery List), one of the largest syndicated radio programs of its type in the country. The show is also broadcast over the Armed Forces Radio Network.

She was a magazine photographer and a former executive secretary at the corporate headquarters of Seven-Up Inc. in St. Louis.

Mrs. Dapron and her husband, Elmer, were married Feb. 22, 1977, in Guam. Mr. Dapron survives.

She was of the Methodist faith. Her father, Emmett Neuling of Granite City, died Jan. 7, 1984.

Besides her husband, she also survives her brother, Mr. Volma (Hermes) Neuling of Granite City; two sisters, Mrs. Sandra Corbit of Granite City and Mrs. Charles (Jeanette) McKee of Minneapolis, Minn.; and a brother, CWO Harry E. Neuling, U.S. Army, Carmel, Calif.

Visitation begins at 6 p.m. today (Sunday) and continues all day Monday at Thomas Memorial Mortuary, 2205 Pontoon Road, where services will be held at 11 a.m. Tuesday. Private graveside services will follow.

### Earnheart

Mrs. Jacqueline (Stadler) Earnheart, 61, of Granite City, died at 11:45 a.m. Saturday, April 16, 1987, at Deaconess Hospital, St. Louis. She was ill two months and at the hospital five days.

Born in St. Louis, she resided here 17 years.

She was employed 27 years as an accountant at Lincoln Engineering Co., St. Louis, prior to retiring in 1976.

Among the survivors are her husband, Felix Earnheart, and a brother, Ronald Stadler of Arnold, Mo.

Services were conducted by the Rev. Bob Jones at 10 a.m. Saturday at Thomas Memorial Mortuary, 2205 Pontoon Road, Granite City. Burial was at Mount Hope Cemetery, St. Louis. Visitation was Friday.

### Elreba Marshall

Elreba Marshall, 77, of Lake Havasu City, Ariz., formerly of this area, died at 11:45 p.m. Tuesday, April 14, 1987, at her home.

She was born in Melber, Ky., and resided in the Alton area before moving to Arizona 12 years ago.

Her husband, the Rev. Kenneth Marshall, who survives, served as pastor of churches in Carlinville, Cottage Hills, Mitchell and Staunton and was involved in evangelist work in the Quad City area.

Other survivors include two sons, Donald Curtis of Riverside, Calif., and William Marshall of Laramie, Wyo.; a sister, Clara Nora Sturmon of Granite City; four grandchildren and two great-grandchildren.

Funeral services will be conducted at 10 a.m. Friday at the Lietz-Frage Funeral Home in Lake Havasu with burial following in the Lake Havasu area.

Wanda Sabo; and three brothers at three sisters.

She was preceded two sons, Calvin and Mitchell Elmore, both of Granite City; two daughters, Lucille Weigerding, Pamona, Calif., and Maybelle Young of Alton; 11 grandchildren, 16 great-grandchildren and seven great-great-grandchildren.

Visitation will be from 5 to 9 p.m. Monday at Irwin Chapel for Funerals, 2801 Madison Ave. in Alton. Burial will be at the Hill Cemetery at 11 a.m. services Tuesday. Burial will be at Sunset Hill Cemetery, Edwardsville.

### Adrian E. Croissant

**Succumbs at age 76**

Adrian E. Croissant Sr., 76, of O'Fallon, retired owner of Jacobsmeyer Tavern in Granite City, died Monday, April 13, 1987, at St. Elizabeth's Hospital, Belleville.

He was a member of First United Presbyterian Church, Gothic Mountain Lodge, Good Scoff Rite Bodies, Shrine and the Live Wire Class.

Survivors include his wife, Dorothy C. Croissant; two sons, Adrian and Ronald; a Croissant of Freeburg; a brother, Clifford Croissant of Collinsville; two sisters, Mrs. Virginia Richards of Granite City and Mrs. Ralph (Doris) Holthouse of Anna, Ill.; and six grandchildren.

Funeral services were held at 1 p.m. Wednesday at Kunkle Funeral Home in O'Fallon with Dr. Fred Cornell officiating. Burial was at Valhalla Gardens of Memory, Belleville. Memorials may be made to the Shriners Hospital for Crippled Children or to the American Cancer Society.

### dies in Arizona

Elreba Marshall, 77, of Lake Havasu City, Ariz., formerly of this area, died at 11:45 p.m. Tuesday, April 14, 1987, at her home.

She was born in Melber, Ky., and resided in the Alton area before moving to Arizona 12 years ago.

Her husband, the Rev. Kenneth Marshall, who survives, served as pastor of churches in Carlinville, Cottage Hills, Mitchell and Staunton and was involved in evangelist work in the Quad City area.

Other survivors include two sons, Donald Curtis of Riverside, Calif., and William Marshall of Laramie, Wyo.; a sister, Clara Nora Sturmon of Granite City; four grandchildren and two great-grandchildren.

Funeral services will be conducted at 10 a.m. Friday at the Lietz-Frage Funeral Home in Lake Havasu with burial following in the Lake Havasu area.

### Latter-day Saints planning for Easter

Easter Sunday services will be held from 9:30 a.m. to 12:30 p.m. at the Church of Jesus Christ of Latter-day Saints, 1101 N. Kansas St., Edgewater.

The area church leader extends an invitation to Quad City residents to attend.

### Grassroots

Upcoming meetings of Quad-City Area governmental taxing bodies include:

## AIDS concern in county

Madison County board members were told Wednesday that the county has had seven diagnosed AIDS cases. They were told serious thought must be given to creation of a county health department.

Board member Nick Hammie, of Edwardsville, released statistics from the Illinois Department of Public Health that show Madison County ranking seventh in the state.

Based on the report shows, had 855 cases of AIDS as of March 27. The nation had 33,154 diagnosed cases of AIDS. The report also shows St. Clair County is ranked fourth.

"The problem is very serious," Harold Byers, Highland,

told his fellow board members. "It's a problem facing the country and us."

Byers, holding a copy of the report, said, "There will be a need for Madison County to establish a health department. I know it will be expensive, but it is needed."

A further breakdown of the statistics in the report show there has been a steady increase since 1982, the number of cases each year, with the number doubling between the years 1984 and 1985.

The report shows that 56 percent of the AIDS patients have died, but provides no county-by-county breakdown.

Madison County has an AIDS

prevention program funded by a grant from the Illinois Department of Public Health. The program is under the auspices of Coordinated Youth Services of Granite City, which offers four testing sites in the county.

2) To provide counseling for high-risk groups.

3) To provide AIDS education to health care and human service professionals who come in contact with high-risk patients.

4) To set up a county-wide task force on AIDS.

Along with the four testing centers, Madison County has established a toll-free AIDS information hot line at 800-322-2223, which is staffed from 9 a.m. until noon Monday through Friday. Since the program began on the first of March, 223 calls have come in requesting information, counseling or testing.

## Easter

### Ukrainian services contains Easter eggs

(Continued from Page 1A)

province, each village and almost every family in Ukraine has its own symbols, meanings and secret formulas for dyeing eggs. These heritages are passed down from mother to daughter through generations.

Dyes originally were made from dried plants, roots, barks or berries. Wax was applied to the egg by an instrument called a kistka, made from a thin brass comb with a pinpoint opening, attached to a stick.

Conforming to the tradition, the beeswax is heated on coal in a large jar. The eggs also are kept warm prior to decorating, since wax hardens too rapidly on a cold day.

The next step is for the craftsmen to create the design and colors, each phase being sealed with wax as progress is made from light to dark colors.

The most exciting part of the process is the removal of the wax. The egg is placed in an oven until the wax reaches its melting point. It is removed and wiped gently with a cloth, and then the beauty of the pysanka is revealed. For a glaze sheen, thin water with alcohol is applied with a cloth, a red wax is applied and the gloss is achieved.

"The giving and receiving of eggs is another important segment of Easter," Rev. St. John said. "It is not until Holy Saturday, when food is prepared for the Easter Sunday feast, that the pysanka are exposed to public view."

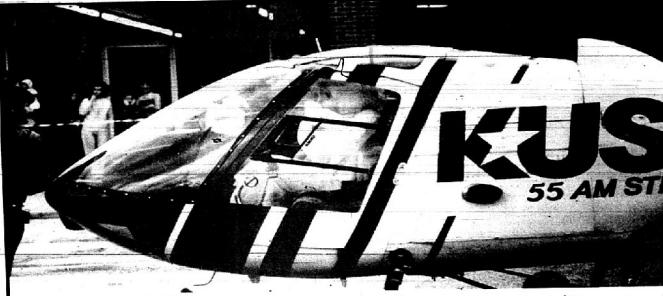

"On Easter morning the older boys wait for the girls to arrive and present them with a special pysanka."

Pysanky are exchanged throughout the Easter holiday with the words "Christ is risen," and the reply, "He is risen indeed."

Most Easter egg designs are of ancient pagan origin, but each woman applies her own ingenuity and rarely are two eggs decorated alike.

Rev. Piorowski said, "The nature of the designs themselves may be classified into three categories, geometric, plant or animal.

The Hutsuls like detail and use delicate geometric patterns.

A hare-raising event  
THE EASTER BUNNY arrives at the Crossroads Plaza Shopping Center April 11 aboard the K99/KUSA helicopter piloted by Alan Barklage. Children and parents alike greeted the Easter Bunny at his early appearance here.

## Easter egg trivia

In the swampy area of Polissya there are traces of floral ornamentation brought over from the Middle Ages. Some of the motifs of the middle and eastern parts of the country bear marks of Oriental origin.

Some of the more common motifs in the Christian symbols are belts encircling the egg, meaning eternity, triangles symbolizing the Trinity, crosses, spirals, stars, sun symbols, flowers and leaves, animal motifs include ram horns, hen's feet, spiders and birds.

"The fish is an ancient symbol of Christianity whereas a hen symbolizes fertility and the fulfillment of wishes to the person who receives it. The reindeer, prevalent in the Hutsuls mountain, signify wealth and prosperity.

"Many artists and scholars have sought to analyze the designs of Ukrainian Easter eggs illustrating the nationality's feeling for beauty and form. What once seemed to be only an ancient tradition is now recognized as a distinct branch of folk art with significant contribution to world culture."

"A-ha! How did candy eggs become popular?"

"Q-How big was the heaviest chocolate Easter egg ever made?"

"A-It weighed 7,561 pounds, 13½ ounces. The 10-foot-high egg was made by Siegfried Berndt at 'Macopa' in Pasadena, Calif. It was completed April 7, 1981."

"Q-What is the most popular symbol on Easter eggs?"

"A-The egg, according to Hallmark cards."

"Q-How many plastic eggs will be purchased this Easter?"

"A-100 million."

"(The above information was made available by Jan's Hallmark Store.)

Q-How many eggs are used in the White House Easter egg roll?

"A-100."

Q-What is the most popular shape for cut-out Easter cards?

"A-The egg, according to Hallmark."

Q-Why is a bunny supposed to die at Easter eggs?

"A-Two probable reasons: Bunnies and rabbits were symbols of fertility in pre-Christian times. According to legend, the Easter bunny was originally a large, handsome bird that belonged to Eostre, goddess of light and spring. She charged him with the task of bringing new life to the earth in the springtime, thus the bunny builds nests and places eggs into them.

Q-When did plastic eggs become popular?

"A-In the late 1960s. It all started in Peoria, Ill., when a local plastics manufacturer developed pull-apart plastic eggs and eventually sold them to Kress Co., now K mart."

Q-How many plastic eggs will be purchased this Easter?

"A-100 million."

"(The above information was made available by Jan's Hallmark Store.)

### Granite City BPW observes public relations awards night

"Public relations and awards presentation night" of the Granite City Business and Professional Women's organization was celebrated at a dinner meeting at Charlie's Restaurant April 12. Recipients of dinner were a "Meet Your Candidates" program for members and guests. Jane Isenberg, legislative chairman, introduced 14 candidates who were running for public office.

Becky Slat, president, welcomed the members and guests and recognized the organization which had received awards for best program of the year in their area of District XIV.

They were: legislation, young capitalist, library, membership and public relations. She then displayed the trophy the organization received for being "Club of the Year" in District XIV for 1986-87.

She noted that for membership and public relations it was the second consecutive awards. She thanked all members for their participation and cooperation.

Pauline Weir, public relations chairman and her committee honored the program. Mrs. Weir noted that Mrs. Shirley Brewer, news editor of the O'Fallon Progress, as guest speaker. Brewer, who resides in Belleville, told of her experiences in the newspaper field and her work on metropolitan dailies.

Mrs. Weir conducted an appreciation and recognition ceremony for four guests who received awards.

Donna Kimbro of the Granite City Press-Record/Journal news staff was the first recipient of an appreciation award. Mrs. Weir noted that Kimbro, public relations chairman for the past two years has been closely associated with Kimbro, whose cooperation, support and friendliness were praised.

The next three recipients were members of the organization and received a "Diamond of Achievement" award for their achievements on the job in BPW and in the community.

Becky Slat, president, received the award after receiving a suggestion to St. Elizabeth Medical Center that a modification to the main entrance would keep patients from being exposed to the elements when entering and leaving the hospital. Her suggestion was accepted and was superior to SEMC's original proposal; it saved the hospital more than \$100,000.

She has been an active BPW member for 23 years, having served most of the executive positions and held several committee chairman posts. She embarked on a second career at SEMC in 1974 after retiring from 30 years employment with the federal government.

She is currently serving and has been a member of the board of the Granite City Army Depot Credit Union for 17 years. She is an active member of the Wethersham Methodist Church. Other memberships include Granite City Scholarship, Hospice of Madison County, SEMC Auxiliary and Order of Eastern Star. She served as guardian of Job's Daughters for 10 years.

Under her presidency for the past two years, Granite City BPW received "Club of the Year" recognition from District XIV.

The second woman to receive the "Women of Achievement" award was Mrs. Billie L. Miller. She started working in Cincinnati for the federal government in 1941 with the Ordnance Department in payroll. In 1943 she transferred to the War Department to establish a payroll department for the newly formed Transportation Corp of the Army.

In 1945 she moved to Granite City and later assumed part-time employment at St. Elizabeth Hospital in the admitting office and as a switchboard operator. She later was assigned (unofficially) to the print shop where she worked for eight years.

In 1968 she was employed by A.C. Williams & Sons, St. Louis in the print shop and later was promoted to supervisor. During her supervision she has received two citations and recognition for outstanding performance in the national magazine "In-Plant Reproduction."

In March this magazine devoted a full page, complete with photo and text, to Mrs. Miller's telling of what she was doing. She was cited for timely production and for the quality of her shop's products. She recently received a promotion to special project manager. Her other responsibilities include: making studies and recommendations on equipment and systems, and establishing a computerized charge-back system.

She joined Granite City BPW in 1966, served as chairman of many committees, served as first and second vice president and was president in 1973. For the past two years she has been a member of the public relations committee, serving as photographer.

At the District XIV level she

**AWARDS NIGHT** at the Granite City Business and Professional Women's Organization meeting honored President Becky Slat, right, as Woman of Achievement. Presenting the award is Pauline Weir, chairman of the public relations and awards presentation event held at Charlie's Restaurant.

She served as secretary for two years, advisor for three years, second associate director and currently is first associate director. She was recently elected as director-at-large and will be installed in May 1987.

She is a member of the In-Plant Management Association, St. Louis chapter, and served as secretary and president. She held the title of certified graphic communication manager and is an "exemplary member."

In her spare time she assists her husband in a part-time printing business in their home.

The third recipient of the "Woman of Achievement" award was Lela Gunning, a craft designer who recently won a top prize in competition promoted by Craftflock Inc. of Vadnais Heights, Minn. Nine of the winners selected from over 500 entries. Her entry was a Scottie dog named "McDuff." To enter the contest, the crafter was required to submit a drawing or design using the material the manufacturer provided. She was also required to write specific instructions to be printed in the national magazine.

Recently she received an award for Designer of the Year from P.J.'s publications in Peoria. She had originally submitted designs for the August, September and Christmas issues of "Craft Magazine."

She is a member of the Society of Craft Designers and the teacher's crocheted decoupage flower arranging and crafts in general. She has lectured extensively on topics that relate to national magazines.

She has been an active BPW member for 23 years, having served most of the executive positions and held several committee chairman posts. She embarked on a second career at SEMC in 1974 after retiring from 30 years employment with the federal government.

She is currently serving and has been a member of the board of the Granite City Army Depot Credit Union for 17 years. She is an active member of the Wethersham Methodist Church. Other memberships include Granite City Scholarship, Hospice of Madison County, SEMC Auxiliary and Order of Eastern Star. She served as guardian of Job's Daughters for 10 years.

## Parents night planned

GRANITE CITY - A Teens 'n' Tact Leadership Conference parents night will be held at 7 p.m. Monday at the Granite City High School auditorium, 3101 Madison Ave.

Conference planners are inviting family members, friends, and neighbors to attend and learn about what was accomplished at the conference and how to help the teenagers who attended to positively influence their behavior.

More than 300 teens attended the conference March 25 at the Knights of Columbus Hall in Granite City. Leaders said the conference was "a tremendous success."

All real estate advertised in this newspaper is subject  
to the Federal Fair Housing Act of 1968, which makes it il-  
legal to advertise "any preference, limitation or discrimina-  
tion based on race, color, religion, sex, or national origins,  
or any intention to make any such preference limitation or  
discrimination."

This newspaper will not knowingly accept any advertis-  
ing for real estate which is in violation of the law. Our  
readers are informed that all dwellings advertised in this  
newspaper are available on an equal opportunity basis.

## ADVERTISERS NOTE!

**ADVERTISERS ARE REQUIRED** to  
check the first insertion of ads for errors.  
East Side Publications will be responsible  
for only one incorrect insertion. Any error  
should be reported immediately. Please  
check your ad carefully upon its initial inser-  
tion and report any errors to this office at  
876-2000.

**LIABILITY** of East Side Publications in  
the event of failure to publish an advertise-  
ment for any reason or in the event that er-  
rors occur in the publishing of an advertise-  
ment shall be limited to the space occupied  
by the items of advertisement.

**CLAIMS CONCERNING OMISSIONS OR**  
incorrect insertions will not be considered  
unless made within 30 days of publication.

# Warriors sweep Alton in SWC clashes

## Baseball team routs Birds, Comanches

By Dave Whaley  
Executive sports editor

**GRANITE CITY** — The Warriors took control of making the seven-inning game obsolete.

For the fifth time this year and the second time in four days, Granite City wrapped things up in five innings Friday after noon at Varsity Field as they scored four runs in the bottom of the fifth, won 15-5 non-conference wins over Calumet.

The win, coupled with a five-inning, 11-1 conference win over Alton Thursday, left the red-hot Warriors with a 19-2 record and also 2-0 in the Southwestern Conference record as Belleville East, whom they will face on the road Tuesday.

The Warriors banged out 15 hits against Comanche pitching Friday, and again the stars were many. Tim Hogan was 4 for 4 with two RBIs and two stolen bases. John Moad was 3 for 4 with two doubles, two RBIs and another hard-hit ball that was caught.

Rich Wilson kept his average inching toward .500 with a 2-for-3 day, and Jeff Grote had two hits, including a three-run homer in the second. And Randy Chapman had a bases-loaded triple in the third that beat out a single.

"How about Randy Chapman?" asked a pleased Bob Stegemeier of the junior outfielder who got a rare start in the fifth. "He's hitting .500 with 15 hits; hit the ball hard and handled everything in the field. We have a lot of depth, so we try to use as many of them as we can."

Comanche was the Warriors early in the game after Granite City got a pair in the first, the second run scoring on Hogan's soaring drive to deep right center.

Paul Lovelace and Scott Scotti crossed the plate just before Moad was tagged out trying to make it triple.

The Comanches came back in the fourth against Mike Georgoff in the second. Randy George singled in one, then the running run scoring on an error by Grote. Catcher Steve Chapman then allowed the third run to score, then Jeff Lauben singed to make it 4-2.

"We've got a good hitting club," said Comanche coach Warren Itten. "But our pitching is suspect, especially against teams as good as this."

Bamper walked to start the Warrior second, then Wilson,

who is doing everything right, dribbled one down the third base line that was going foul, then rolled back in play. Grote followed, taking fly ball that just cleared the left field fence to put the Warriors in front, 5-4.

"That was a pretty good one for 'left,'" Stegemeier said. "He hit it into the wind."

Cahokia tied it against Georgoff in the third on a two-out RBI double by Jamie Miller. Scotti, Stegemeier switched to LeVault, and he shut the Comanches down the rest of the game, pitching 2½ innings.

"He didn't throw the ball well today," Stegemeier said.

"But he will bounce back. He has done it before. We needed some work from the bullpen, and it was nice to see Scott get a couple of innings in."

The Warriors launched a two-out rally in the third. Hits by LeVault, Wilson and Grote loaded the bases. Then Scotti drilled a Lovelace pitch into the gap in right-center, clearing the bases. Chapman scored on Tim Hogan's third hit, and after Tim scored second, he scored on brother Jamie's hit to left to make it 10-5.

Granite City added one in the fourth when Moad doubled off Georgoff. Tim Hogan and Moad had RBI hits in the fifth to make it 13-5, then Wilson doubled a pair to end the game.

"Tim and Jamie are getting on base, so we can be explosive," Stegemeier said.

"I think this is a good-coached Cahokia club. I've seen it a while. They executed well on defense. They're not a bad club,

but they're not great."

(See BOYS, Page 6B)

(Staff photo by Dave Whaley)

TRACY GAUDETTE comes home with a ground ball to right field. Sandy Sternberg (background) prepares to round third and bring home run No. 2. Three runners scored on Michelle Bequette's fly ball to right as the Warriors rolled to a 13-2 win.

**● Girls**

(Continued from Page 5B)

Pawlak and Corey cut her down. The Warriors poured it on in the second inning, scoring four runs after two outs. Mills reached on a fielder's choice and stole second with two down and Pawlak walked. Then she dropped a bunt into center field to score Mills and send Pawlak to third. Gaudette's fly ball was again muffed by Britt in right field to plate Pawlak, then a single by Gaudette brought Lewis around to make it 11-1.

After Sternberg walked, Holtkamp's infield hit brought Gaudette home. Granite City scored three more runs in the fifth, and with two outs in the fifth, and two runs would have negated the 10-run rule and allowed the game to continue. But Sternberg went back and Lewis left to snag Korte's line drive.

"I don't think anyone else gets to that ball," Davis said. "I think we have a great, good defense all around the field."

Kelly Branson got the second

Alton run in the third on an

infield hit, two stolen bases and

a wild pitch by Pawlak.

The freshman allowed four hits,

seven walks and one strikeout,

as she continued to fill in for top

pitcher Tammy LeVault, who is

out with a pulled muscle in her

leg. "She's still not able to pitch

yet," said Davis of LeVault, who

suffered the injury in East St. Louis last Thursday. "It hasn't started to heal yet." Belleville coach Butch Kim has done a fine job on the mound. She throws strikes, and that's all you can ask.

Another pitching possibility is Sternberg, but Davis would rather see her in center field, as is evident by the two good catches she made. There were two foul balls in the second and third with two outs in the fifth, and two runs would have negated the 10-run rule and allowed the game to continue. But Sternberg went back and Lewis left to snag Korte's line drive.

"I don't think anyone else gets to that ball," Davis said. "I think we have a great, good defense all around the field."
